

Homework - Week 1

CS 101

Due: Wednesday, September 12 in class

1. Watch one talk from wesolveforx.com or ted.com filtered for technology related talks. Write a one paragraph summary of the problem and, if a solution was proposed in the video, a one paragraph summary of the solution.
2. If you had \$2000 to buy a computer, what would you get and why? (You don't get to keep the change.)
3. Hand in the survey. On the sheet of paper with your homework and name on it just write if you handed it in or not.
