If you’re filled with frustration, Annoyance and vexation
Trials and tribulation, Then reach for your salvation!

Just hear the conversation On each and every station
Spreadin’ throughout the nation: Constant acceleration!

Constant acceleration -- It’s like a physics vacation --
There’s only two equations, So listen to my- narra-tion!

Final section:
s equals one half a t squared plus
v-naught t, plus v—naught t!
s equals one half a t squared plus
v-naught t, plus v—naught t!

v squared equals v-naught squared
Plus two a s , oh yes-, oh yes!
v squared equals v-naught squared
Plus two a s , oh yes-, oh yes!

Repeat final section (ending with “plus two- a s” instead of “oh yes-, oh yes!”)
