The Tesla Song

1. Nicola Tesla was an inventor. Out of Croatia, where he came working for
   Tesla saw A C was the solution, letting the power companies send
   alternating current - it is the power on which our lives run.

2. Tesla saw A C was the solution, letting the power companies send
   alternating current - it is the power on which our lives run.

Tune: "Heavenly Sunshine" by H. J. Pulley & G. H. Cook, 1899
Words: Marian McKenzie, Spring 2002
